OBJECTIVE

Passionate and dedicated programmer and artist searching for an internship opportunity that promotes growth, self-improvement, and societal impact.

EDUCATION

GEORGIA INSTITUTE OF TECHNOLOGY   **Graduation date:** May 2020

Bachelor of Science in Computer Science   *August 2016 - Present*

- GPA: 3.5/4/0
- CS1301 – *Python*
    - Grasped the language and learned to create programs with Python, HTML, CSS, and Javascript. The simplicity of the languages allowed me to become more passionate about working on simple personal projects, websites, and minigames.
- CS1331 – *Java*
    - Understood the fundamentals of object oriented programming and code efficiency. The versatility of Java and visual aspects of JavaFX allowed me to synthesize the two into fun projects such as creating virtual Pokedex's and applying my knowledge to game engines like Unity.

SKILLS

Coding: Python, Javascript, HTML, CSS, Java, C#
Software: Adobe After Effects, Photoshop, Paint Tool Sai, Unity
Other: 2-D design, illustration, animation, music transcription
Languages: Chinese-fluent in speaking, English-fluent

PERSONAL PROJECTS

Works in Progress:

- Educational coding app: I am currently designing a mobile app that is an rpg game, where players are able to interact with a storyline and characters while learning the fundamentals of programming.
- Cooking app: Inspired by a game I played in my childhood, I am working on creating a game that allows players to traverse logic puzzles to uncover ingredients and compete with friends online in simple, competitive gameplay.

EXPERIENCE
